

Supplemental Education Services (SES)

What are Supplemental Education Services (SES)? SES are **free** tutoring opportunities for students that are in addition to instruction provided during the school day in Reading, Math or Science. These services can take place before school, after school or on weekends. Title 1 schools in Stages 2-5 of the School Improvement Program must offer these services to all low-income students enrolled on the campus.

Who is eligible for Supplemental Education Services (SES)? Students who attend Title 1 schools in Stages 2-5 of School Improvement are eligible.

Who pays for the SES tutoring? All costs for SES are paid by the district for the state allotted amount per student. If the number of students requesting SES exceeds the amount of money available, then the district must give priority to the lowest achieving students from low-income families by establishing fair and equitable criteria for identifying these students.
